

## “Dead Week Policy”

**RATIONALE:** Currently there is much confusion across campus as to what can be done during dead week. This policy clarifies what is meant by dead week.

**ADDITIONAL POLICY LANGUAGE:** The week immediately preceding finals week during the fall and spring semester, shall be a normal and typical week of class. Classes shall meet as they normally would during any other time of the semester. New material may be covered and quizzes may be given during this week.

**Change to current language:** permission to grant exceptions to this rule shall be with the Registrar rather than with the Academic Dean’s Office.
