

Please comment on the advantages and disadvantages of requiring the following component as part of general education.

(A) First year introduction to the liberal arts

- would be a stand alone class and would not fulfill any general studies or major requirements
- the topics would be determined by the interest of the instructor (similar to how May Term classes are now taught)

Please comment on the advantages and disadvantages of requiring the following component as part of general education.

(B) Senior year course

- an interdisciplinary senior colloquium (as we have now) OR
- a capstone course or experience in the major OR
- no senior course requirement

Please comment on the advantages and disadvantages of requiring the following component as part of general education.

(C) Electronic portfolios

- portfolios as an assessment tool
- selected general education requirements fulfilled through portfolios (e.g. writing requirements)

Please comment on the advantages and disadvantages of requiring the following component as part of general education.

(D) Experiential learning

- service learning
- internships
- study abroad
- student teaching
- undergraduate research

Please comment on the advantages and disadvantages of requiring the following component as part of general education.

(E) Limit on the number of classes a student can take within the division and department of their major

- current structure requires students to take 44 credits outside the division of their major
- current structure does not allow students to take more than 42 credits within the department of their major

Please comment on the advantages and disadvantages of requiring the following component as part of general education.

(F) All-college symposium

Students present their work at an all college symposium (presentations may include independent research, voice recital, poetry reading, art show, internship report, report of experiences abroad, etc.)
