with Traditional Dance,
Song and Storytelling**

Music at
SIMPSON

Presented by the Department of Music

Ms. Lillie H. Feierabend

Lillie is known for her work with young children and for instilling a love of music within them. This is her ninth year at the University of Hartford Magnet School and her twelfth year as a director for the Connecticut Children's Chorus. She received the 1998 Teacher of the Year Award from Canton Schools (CT) for her innovative and inclusive music

programs. In 2008 Lillie received both the Teacher of the Year Award from the University of Hartford Magnet School and the Outstanding Elementary Music Educator Award from the Connecticut Music Educators Association (CMEA). Lillie is a frequent clinician at local, state and national conferences speaking on many aspects of early childhood music. In addition, she teaches courses at Silver Lake College in Manitowoc, Wisconsin, and The Hartt School at the University of Hartford. Lillie is president of Kodaly Educators of Southern New England and a member of MENC, OAKE, and ACDA, serving as National Children's Honor Choir Chair for the 2010 Conference.

Peter & Mary Alice Amidon

Peter and Mary Alice Amidon are master teachers of traditional dance and singing games, prolific collectors, composers and publishers of great songs for children and children's

choirs, inspired leaders of harmony singing with adults, and dynamic storytellers for all ages. They are in demand throughout the United States at Orff and Kodaly regional music teacher workshops, and have been headliners at several AOSA and OAKE national conferences. They are founding members of New England Dancing Masters, publishers of dance materials for children and teachers. They are both former elementary school music teachers.

Graduate Credit

Available this year is one hour of graduate credit for attending both workshops and submitting written materials to the Simpson College Music Department. For details, contact Dr. Michael Patterson, Simpson College, 515-961-1582 or 515-961-1637.
