

Elementary Education - Liberal Studies Major

Students planning to complete an Elementary Education Major at Simpson College will benefit by selecting courses from the following list to fulfill their **core, distributive, or elective requirements of their Liberal Arts - AA degree.**

If a student has not met the pre-requisites for these courses, additional courses may be needed. Please check course descriptions or check with an advisor before registering if you have questions.

Students who complete an Associate of Arts (AA) degree at DMACC prior to transfer will have fulfilled all of the requirements of Simpson's general education curriculum.
